

Cleaning Your Quilt

- Dry clean for best results.
- Machine or hand wash using the following instructions.

Machine or Hand Washing Instructions:

The following instructions will clean and set your quilt's color:

- Fill large washer with **COLD** water.
- Add white vinegar to water.
(throws and twins add 6 cups • queens and kings add 8 cups)
- To ensure it is fully dissolved, let vinegar and water solution sit for **15 minutes**.
- Place quilt in the washer and let it sit for **15 to 20 minutes**.
- Wash on **delicate cycle** using Woolite a mild detergent
- Remove quilt immediately after cycle is complete.
WARNING: Stitches can pop under the heavy weight. So lift carefully from water.
- Line dry or lie flat. **Never use the dryer.**

RED QUILTS

With a predominantly red quilt, it is recommended you add extra vinegar to your cycle and repeat instructions with **every** wash.
